20-foot folding container for drilling site

Overview

They are just under 20ft long, 8ft wide, 8ft 6. 0" high, and have a payload of 42,000 Kgs. They are designed to hold and ship weighty or oversized cargo that is too large or heavy to transport inside Standard Dry Containers or Open Top Containers. A 20' storage container is the perfect solution for businesses looking for a cost-efficient, medium-sized container that can be used across versatile utility spaces. These fit efficiently in a standard parking area and can create storage for all your immediate business needs. Great for construction jobs, retail storage, or even big home projects.
