

## PEES Power Systems

# Battery solar energy storage cabinet system in belgium

## Overview

---

The first phase of the storage system comprises 100 MW of power and 400 MWh of capacity, enough to power up to 96,000 Belgian households for four hours. As a partner in your energy transition, Equans can help you build your Battery Energy Storage Systems (BESS). Whether on the scale of your company, industry or town, or as part of the creation of large-scale battery parks, we'll support you from A to Z, managing all interfaces with your systems. Beyond standard solutions, we provide flexible options such as off-grid microgrids and hybrid storage, ensuring every. Whether you're integrating solar power or need industrial-grade backup systems, discover what makes a cabinet truly "weatherproof" in Belgium's unique climate. With 200+ rainy days annually and temperature swings from -5°C to 35°C, Belgium's climate tests energy storage limits. Outdoor cabinets. 27. Our innovative approach is modelled on a circular economy to reduce waste and mitigate climate change.
