Budapest electricity bills

Overview

This Budapest electricity calculator helps you estimate your monthly electricity bill based on your consumption (kWh) and the current A1 residential tariff structure. Estimate your electricity costs in Budapest with our calculator. This tool uses the MVM Next Energiakereskedelmi Zrt. Please note: These rates are for the A1 tariff. Always verify with MVM for the most current and specific tariff. Budapest residents enjoy competitive electricity tariffs and access to a variety of service providers, making it an attractive location for businesses and households. A utility can be connected while the attendee is out of the country as long as the third party is notified and an authorization. This average is based on 7 price points. At this point it is only a guess. With the energy-saving shower, you can save up to 50% energy compared to standard shower heads.
