CEC Solar Power Generation Profit

Overview

An exceptional performance by its two solar photovoltaic (PV) plants - Riverside and Itimpi in Kitwe - helped CEC Renewables boost its revenues to about US \$4.7 million, according to the official half year company results. CEC Renewables (CEC-R) continued to spearhead the CEC Group renewable energy agenda, making significant strides toward attaining its target of over 200 MW of solar PV generation capacity by 2027. Our two generating assets, the 60 MW Itimpi and the 34 MW Riverside Solar Plants, achieved exceptional performance. One highlights our progressive role in Zambia's solar PV development, generation, and operation. 8. The two medium-sized solar PV projects include the 12.
