

PEES Power Systems

China Microgrid Expert Wei Wei

China Microgrid Expert Wei Wei

Wei Wei , IEEE Xplore Author Details

Affiliations: [Power Dispatch and Control Center, State Grid Huaian Power Supply Company, Huaian, China].

Wei Wei-Department of Electrical Engineering Tsinghua University

His research interests include computational decision-making, learning aided optimization, power system operation, and modeling of interdependent energy infrastructures. He has published 2 books

Wei, Wei_Faculty_People_Zhejiang University Hydrogen Energy Institute

Wei Wei received the B.S. and M.S. degrees in control engineering from Zhejiang University, Hangzhou, China, in 1983 and 1986, respectively. He received Ph.D degree in electrical engineering

Microgrid in China: A review in the perspective of application

An overview of experiences with microgrids policies in China shows that optimal capacity planning for microgrid, energy storage technologies, and incentive market policy are key factors to ...

Wei, P.B. and Chen, W.D. (2019) Microgrid in China A Review in the

ABSTRACT: The growing interest in energy conservation has inspired companies to seek alternatives to highly polluting fuel electricity generation. This study designed an optimised solar wind power ...

China Microgrid Development Policy, Case Studies, Technology ...

Integrated DERs into microgrids, and use control technologies and protection devices to smooth power fluctuation and achieve system stability. Microgrids can balance the local generation ...

Wei Wei: Engineering and Technology H-index & Awards

 LFP 12V 200Ah

Wei Wei is affiliated with Tsinghua University in China and has an extensive body of research in the field of engineering, particularly focused on electrical and electronic engineering.

Dr. Wei Wei - Trancik Lab

In between her studies, she worked on microgrid optimization with renewable integration at ENGIE in France. Her research builds data-informed models to examine technology innovations and ...

Wei WEI , Associate Professor with Tenure , PhD , Tsinghua

...

My research interests include applied optimization and energy system economics, with special emphasis on the interdependent energy networks and transportation electrification.

?Wei Wei?

Wei Wei Associate Professor with tenure,
