Desert Energy Storage solar

EDF Renewables builds 375MW solar-plus-storage in California

EDF Renewables North America has begun operations on a 375MW/600MWh solar-plus-storage project in California. The company announced last week (31st January) that the Desert ...

EDF Renewables and Power Sustainable Energy Infrastructure ...

EDF Renewables North America (EDFR) and Power Sustainable Energy Infrastructure Inc. (PSEI) have announced that their jointly owned Desert Quartzite Solar+Storage Project achieved ...

EDF brings 375MW/600MWh solar-storage online in California

EDF Renewables North America has begun operations on a 375MW/600MWh solar-plus-storage project in California, US. The company announced last week (31st January) that the Desert ...

Large-scale solar with 600 MWh of storage now operational in ...

Desert Quartzite, a 300 MW / 600 MWh solar-plus-storage project located mostly on Federal lands administered by the Bureau of Land Management (BLM), in Riverside County, ...

Desert Power: A Deep Dive into the Massive Solar + Storage Project

In a sun-drenched Nevada desert, the Gemini project became America's largest dispatchable single-phase solar + storage system, powering up to 10% of Nevada's peak demand.

Desert Quartzite Solar+Storage project in California commences ...

Located on federal land managed by the Bureau of Land Management in Riverside County, California, Desert Quartzite is engineered to capture and store solar energy during peak hours.

Solar and Batteries Go Big in the Desert

The Edwards Sanborn Solar and Energy Storage project incorporates the highest capacity solar farm in the United States with the largest battery storage system in the world. The facility came ...

Desert Quartzite Solar+Storage

The 300 MW solar + 150 MW storage Desert Quartzite Solar+Storage Project, located in California, became operational in 2024. EDF Renewables handled the development of the project.

Partnership on California's Desert Quartzite Solar+Storage Project

Discover the strategic partnership between Power Sustainable Energy Infrastructure Inc. (PSEI) and EDF Renewables in the groundbreaking Desert Quartzite Solar+Storage Project, located ...

Desert Quartzite Solar+Storage Project

Desert Quartzite is a solar and storage project that became operational December 2024, jointly owned by Power Sustainable Energy Infrastructure Inc. and EDF Renewables. This 375 MWdc / 300 MWac ...
