# Energy storage lithium battery fixing bracket

## Overview

---

Canbat's Battery Mounts & Brackets are engineered specifically for stationary lithium battery installations, offering reliable, long-term support for clean energy systems. Ideal for off-grid solar setups, telecom backup stations, and server room applications, these heavy-duty mounting solutions. Our Bolt Energy USA Universal installation bracket will provide a seamless installation in just about any golf cart on the market today. Our company produces high-output lithium batteries for all brands of golf carts. The battery bracket consists of bracket A (side part) and bracket B (middle part). Batteries can be fixed and combined by battery.
