

PEES Power Systems

Fixed roof solar charging system

Overview

Flat roof systems provide efficient and secure mounting solutions for solar installations on commercial and industrial buildings with flat or low-sloped roofs. Built for lasting performance and proven in the field, it offers flexible design options, reliable structural strength, and a clean finished look. Works with any power unit brand — EcoFlow, Jackery, Bluetti, among others. Each roof has unique structure, load limits, and environmental needs.

Fixed roof solar charging system
