

PEES Power Systems

Fuli Electric solar inverter

Fuji Electric solar inverter

Solar Pumping Solution

Solar Pumping with selectable power supply (PV, grid or diesel generator) The system can be supplied in DC, by photovoltaic panels or in AC by means of grid connection or diesel generator, switching the ...

Fuji Electric Sunbird 3000

Sunbird 3000 is a true off grid bi directional solar inverter designed with multiple 32-bit DSP controllers to meet unique needs of the solar industry where the on-ground conditions can be harsh and dusty.

Fuji Electric is stimulating energy transition with solar pump solutions

Fuji Electric inverters come equipped with True Maximum Power Point Tracking (MPPT) and Optimal Operating Point Calculation that ensures maximum energy harvest from solar panels ...

Solar Inverters

Fuji Electric provides Central type and string type Solarinverters. Fuji Electric commercialized the world's first three-level module in which a new RB-IGBT * and an existing IGBT are integrated in one package.

Solar Pump Inverter

Fuji Electric has all the solar pump drive solutions for different applications for solar in the irrigation market.

FU-SUN-60/70/75/80K-G , 60-80KW , Three Phase , 4 MPPT

The Fuji 60-80K grid-connected inverter is suited for medium and large-scale commercial rooftops and ground-mounted solar PV system in which reliability and stability are important. the full series ...

Products - Fuji solar

With compact design and high-power density, this series supports 1.3 DC/AC

ratio, saving device investment. It supports three phase unbalanced output, extending the application scenarios.

Specifications , Fuji Electric Global

String Inverter * This product is released in October 2019. The specifications can be changed without any notice.

Fuji Electric Global

Fuji Electric contributes to the resolution of energy management problems, through pursuit of technological innovation in electric and thermal energy.
