

## PEES Power Systems

# Inner Mongolia drones spread photovoltaic panels

## Overview

---

An aerial drone photo taken on Jshows a photovoltaic project in Kubuqi Desert in north China's Inner Mongolia Autonomous Region. In recent years, Inner Mongolia has carried out integrated projects for sand prevention and control as well as wind and.

## Inner Mongolia drones spread photovoltaic panels

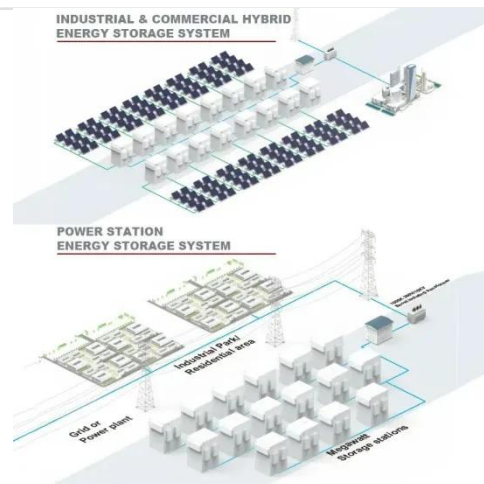

### Photovoltaic projects transform sandy terrain into "blue seas" in north

An aerial drone photo taken on Jshows an integrated sand control and photovoltaic project at a state forestry area in the edge of Ulan Buh Desert in Linhe District of ...

### Photovoltaic project turns Inner Mongolia's desert into 'blue seas' of

An aerial drone photo taken on Jshows an integrated sand control and photovoltaic project at a state forestry area on the edge of Ulan Buh Desert in Linhe District of ...

### Photovoltaic project turns Inner Mongolia's desert into

An aerial drone photo taken on Jshows a photovoltaic project in Ulan Buh Desert, in Dengkou County of Bayannur, north China's Inner Mongolia Autonomous Region.

## Inner Mongolia Deserts Photovoltaic Projects

An aerial drone photo taken on Jshows a photovoltaic project in Ulan Buh Desert, in Dengkou County of Bayannur, north China's Inner Mongolia Autonomous Region.

### Applications

## From seeding drones to solar farms: A look at China's battle against

ORDOS, Inner Mongolia: A glistening sea of solar panels stretches across 400km of sand dunes in the vast Kubuqi Desert, located on the edge of Ordos city in China's Inner Mongolia

## From Desert to Powerhouse: Inner Mongolia's Photovoltaic Projects ...

Driven by China's dual priorities of environmental rehabilitation and renewable energy development, Inner Mongolia has become a national model for combining photovoltaic (PV) ...

## New highlights of China's largest desert control PV project in Inner

At the end of October 2023, after the successful installation of about 4.4 million PV panels for the PV-assisted desert control project, workers used reeds to pave sand barriers and drones to spread plant ...

---

## **PV projects boost local ecological rehabilitation, economic growth in**

An aerial drone photo taken on Sept. 2, 2025 shows workers installing photovoltaic panels at a new energy base in Kubuqi Desert, north China's Inner Mongolia Autonomous Region.

---

## **'Photovoltaic sea' forming in North China desert**

In Chaideng village in Ordos city, Inner Mongolia autonomous region, 3.46 million blue solar panels stretch across the desert, covering 30 square kilometers, transforming the endless ...
