Is the onh solar outdoor power cabinet a solar energy storage cabinet lithium battery

Overview

The 100kW 256kWh Outdoor ESS Cabinet is an advanced, all-in-one lithium battery energy storage solution designed for off-grid power systems, remote industrial sites, microgrids, and commercial energy backup. AZE's outdoor battery cabinet protects contents from harmful outdoor elements such as rain, snow, dust, external heat, etc. Plus, it provides protection to personnel against access to dangerous components. They are made of galvanized steel, stainless steel or aluminum with heat insulation material. Most industrial off-grid solar power systems, such as those used in the oil & gas patch and in traffic control systems, use a battery or multiple batteries that need a place to live, sheltered from the elements and kept dry and secure. This helps your solar system work better and stay safe longer. Picking a cabinet with UL 9540.
