# New Energy Storage Company Central State-owned Enterprise

## Overview

---

Enter China's central enterprises, the unsung heroes building the backbone of the country's \$33 billion energy storage industry [1]. On April 1, the signing ceremony for the establishment of a central state-owned enterprise-controlled joint venture between Beijing Zhongneng Hui'an Technology Co. and Zhongmin (Liaoning) Industrial Group Co. 's New Energy Headquarters Yangtze River Delta Integrated Demonstration. On July 30, the Central Enterprise New Energy Storage Innovation Consortium was established in Beijing. The consortium is a national-level new energy storage innovation platform jointly led by State Grid Corporation of China and China Southern Power Grid Co. A key component of that is the development, deployment, and utilization of bi-directional electric energy storage. Buckle up; we're diving into how they're.

## New Energy Storage Company Central State-owned Enterprise

### Draft Energy Storage Strategy and Roadmap Update Released
