# Nukualofa Fire Station uses solar-powered shipping containers for communication

## Overview

---

Emerging markets in Africa and Latin America are adopting mobile container solutions for rapid electrification, with typical payback periods of 3-5 years. Technological. Shipping containers are often used as remote offices, workshops or data shelters on construction sites, farms, and emergency zones. When the grid is hundreds of feet away (or non-existent), a self-contained power solution is ideal. For instance, specialized units like the LZY-MS1 Sliding Mobile. NPDL offers liner shipping and supply chain services to and from 16 countries and 22 ports in the south pacific, including Fiji (Suva and Lautoka), Samoa, American Samoa, Tonga (Nuku'alofa and Vava'u), Tahiti, the Cook Islands (Rarotonga & Aitutaki), Norfolk, Kiribati (Tarawa and.
