Oman Solar Power Project

✓ **ALL IN ONE**

✓ **100Kw/174Kwh
High Capacity**

✓ **Intelligent
Integration**

Overview

MUSCAT,; Having overseen a sizable increase in renewable energy capacity in 2025, Nama Power and Water Procurement Company (Nama PWP) - the single buyer of electricity and desalinated water in the Sultanate - currently has around 1,600 MW of new solar and wind capacity under. MUSCAT,; Having overseen a sizable increase in renewable energy capacity in 2025, Nama Power and Water Procurement Company (Nama PWP) - the single buyer of electricity and desalinated water in the Sultanate - currently has around 1,600 MW of new solar and wind capacity under. The Oman Power and Water Procurement Company (OPWP) has invited developers to qualify for the Al Kamil Wal Wafi Solar Independent Power Project. Part of Oman's strategic push to expand its renewable energy portfolio, the project marks the country's fifth solar PV independent power project. The Nama PWP has advanced plans for three mega wind farms in Mahoot, Duqm and Sadah, with a combined capacity of approximately 1,100 MW. Existing: • 9,716 MW generation capacity (13 plants). Under construction: 600,000 m³/d. A. Dentons Advised Natixis CIB, FAB and Bank Muscat on Ibri III Project Financing in Oman The global law firm Dentons advised Natixis Corporate & Investment Banking (Natixis CIB), First Abu Dhabi Bank (FAB), and Bank Muscat on their role in the project financing for the Ibri III Solar Independent. Manah I is a 500MW greenfield solar photovoltaic (PV) power plant being developed in the Ad Dakhiliyah region of Oman. The independent power project (IPP) is being developed by Wadi Noor Solar Power, a special purpose vehicle formed by EDF Renewables, a renewable energy developer based in France. Oman has issued a tender to develop its next large-scale solar power project just days after financial close was announced on another.

Oman Solar Power Project

Manah I Solar Power Plant, Oman

The project will generate enough power for 50,000 homes and offset 700,000 tonnes of carbon dioxide emissions a year. It will support the Ad Dakhiliyah region's aim of attaining carbon ...

Oman plans fourth large-scale solar power park , AGBI

Once commissioned, the Manah 1 project will be able to power more than 50,000 Omani households with clean energy, while offsetting more than 700,000 tonnes of CO2 per year. The ...

Oman names winner of RO 155 million Ibri III Solar IPP project

Scheduled for commercial launch in the first quarter of 2027, the Ibri III Solar IPP is set to be the fourth large-scale solar energy project prepped for implementation in Oman.

1,600 MW of solar and wind

projects under procurement in Oman

With a proposed Phase I capacity of 450-500 MW, the Al Kamil Solar IPP will contribute to expanding utility-scale solar in Oman and supporting the country's renewable portfolio target of 30% ...

Dentons with Natixis CIB, FAB, and Bank Muscat on solar plant ...

Dentons advised Natixis Corporate & Investment Banking (Natixis CIB), First Abu Dhabi Bank (FAB) and Bank Muscat in connection with their role in the project financing for the Ibri III ...

Oman Launches Al Kamil Wal Wafi Solar IPP Project Qualification

The Oman Power and Water Procurement Company (OPWP) has invited developers to qualify for the Al Kamil Wal Wafi Solar Independent Power Project. Part of Oman's strategic push to ...

Renewable Energy in Oman RE Potential and PWP Plans

PWP is a regulated entity with obligations to procurement capacity and output via contracts, to meet demand. Existing: o 9,716 MW generation capacity (13 plants). 1,336,000 m3/d desalination capacity ...

Built by Shanghai Electric, the Oman Manah-1 Solar IPP Project

With 1.5 billion kWh of Clean Energy Output Annually, the Project Cuts CO2 Emissions by 780,000 Tons and Sets New Milestone for Renewable Energy Projects in the Middle East with ...

Dentons Advises Lenders On Financing Oman's 500 MW Ibri III Solar ...

Dentons has advised Natixis Corporate & Investment Banking, First Abu Dhabi Bank, and Bank Muscat on the project financing of the Ibri III solar power project in Oman. The project involves ...

Dentons Advises Banks on Ibri III Solar Project Financing in Oman

The project comprises a 500 MW photovoltaic (PV) solar power plant combined with a 100 MWh battery energy storage system (BESS), located in the Sultanate of Oman. The sponsors' ...
