Portable solar container system in Albania

Overview

Major projects now deploy clusters of 20+ containers creating storage farms with 100+MWh capacity at costs below \$280/kWh. The global solar storage container market is experiencing explosive growth, with demand increasing by over 200% in the past two years. Pre-fabricated containerized solutions now account for approximately 35% of all new utility-scale storage deployments worldwide. That is why we have developed a mobile photovoltaic system with the aim of achieving maximum use of solar. With Solarfold, you produce energy where it is needed and where it pays off.
