

PEES Power Systems

Swaziland photovoltaic cabinetized 1mwh for wastewater treatment plants

Overview

The Project is a stand-alone mini-grid which consists of a centralised 35kW solar PV generation plant complete with 200kWh battery storages system and an AC LV reticulation network designed to service about 26 rural homesteads through an advanced smart metering system for billing. in-one container energy storage system. ISO/TUV/CE-certified units deliver rapid-deploy solar power for off-grid. View all power plants in Swaziland. The development of this plant also contributes to the government's Energy Policy target of reaching 50% of electricity supply from renewable energy. Simply Swazi is your Eswatini partner for a complete sustainable transformation. and greenhouses, all backed by our local team's expertise. Simply Swazi is a very passionate company that delivers custom solutions to our clients. We were established in 2017, by our two founding directors in Eswatini. Summary: Discover how photovoltaic panel manufacturers in Eswatini (formerly Swaziland) are tackling greenhouse gas emissions through solar energy adoption.
