

## PEES Power Systems

# Which company makes the best 15kW battery cabinet for charging stations

## Overview

---

By choosing Batteryguard battery cabinets, you're opting for the safest solution. Our certified safes protect your business against battery fires, ensure a safe working environment, and give you the confidence that your batteries are stored and charged without risk. Made with a proprietary 9-layer ChargeGuard™ system that helps minimize potential losses from fire, smoke, and explosions caused by Lithium batteries. ESTEL stands out with its advanced safety measures, which have led to a 98% reduction in battery failure rates between 2018 and 2024. These robust all-rounders are ideal for offices and administrative functions, schools, universities and other public buildings. Securall understands the critical risks associated with modern energy storage.
