Wholesale of corrosion-resistant photovoltaic containers for drilling sites

Overview

If you're looking for JA Solar, Mission, Astronergy, Trina, Qcells, SEG, Adani - give us a ring. All of our modules are tariff free, imported, and ready to ship. We can also order directly from factories. Whether for shipping, on the construction site or in the warehouse - solar module containers offer reliable protection for photovoltaic modules and optimize the entire logistics process. They protect the modules from damage, moisture and dust, save time during handling and enable efficient B2B. Rand PV specializes in corrosion resistant photovoltaic PV distribution boxes. Buying in bulk by pallet or container lets you lock in better prices per watt, simplify logistics, and get equipment from trusted brands in one. Solar containers offer the advantage of high degree of prefabrication in the factory workshop. The factory quality assurance avoids risks in terms of missing local skills, materials, tooling, or bad weather conditions. In the best case, at site.
