Yanghe Solar Power Generation

Yanhe eyes global rollout of perovskite solar tech after Series A funding

The company focuses on developing and manufacturing perovskite solar cell modules and related production equipment, aiming to improve their stability, photoelectric conversion ...

Power plant profile: JiangSu YangHe Brewery Solar PV Park, China

JiangSu YangHe Brewery Solar PV Park is a roof-mounted solar project which is spread over an area of 13 hectares. The project generates 14,040MWh of electricity.

Yanhe Technology Unveils Breakthrough Perovskite Solar Cell ...

Backed by leading investors such as Zhaoxi Capital, Hunan Caixin, and CAS Glory, the company is pioneering next-gen solar solutions that combine high efficiency, superior stability, and ...

Yanhe Solar Invests \$138 Million in Perovskite Factory

Yanhe Solar, established in 2024, has signed an investment agreement worth approximately RMB 1 billion (\$137.91 million) with Changde City, Hunan Province, to build a new ...

Live from SCE 2025: Yanhe Technology Unveils Breakthrough ...

Backed by leading investors such as Zhaoxi Capital, Hunan Caixin, and CAS Glory, the company is pioneering next-gen solar solutions that combine high efficiency, superior stability, and

Yanhe Technology , Perovskite Solar Solutions , Indoor & Low-Light

Yanhe Technology develops perovskite solar modules and indoor low-light energy harvesting solutions for smart home, IoT, and consumer electronics, enabling battery-free and sustainable power.

Where can I find solar energy in Yanghe? , NenPower

Solar energy in Yanghe can be found primarily in four locations: 1. Solar farms established by governmental projects, 2. Private residences utilizing photovoltaic systems, 3. Local ...

About Us , Perovskite Solar R&D & Manufacturing

Yanhe Technology, founded in February 2024, focuses on the R&D and manufacturing of perovskite solar modules. Its core team from Peking University and Columbia University drives continuous ...
